

## When security matters...Secure your signature with uni Super Ink™.

uni Super Ink™ is pigment ink that's permanent once it's dry. This means that your signature is secure. Important information or legal documents can't be changed and your signature can't be removed. uni Super Ink™ offers outstanding light resistance, water resistance, bleaching resistance, ammonium hydroxide resistance, hydrochloric acid resistance, ethanol resistance and erasure resistance.

Permanent. Waterproof. Fadeproof. uni Super Ink™

Look for this logo with pens containing Super Ink™

At Mitsubishi Pencil Australia we are focused on reducing our consumption of single use plastic. That is why we have introduced our plastic free packaging, marking a change from single use plastic blisters to fully recyclable packaging. Our plastic free packaging is FSC certified (Forest Stewardship Council) – the most trusted forest certification system for sustainable forest management. The inks used are vegetable based inks instead of mineral-based and a non-toxic, water-based blister varnish is used making the packaging not only recyclable but biodegradable.

Our plastic free packaging is now available across the company's single use hang sell range. In time we hope to improve all elements of our packaging to reduce our carbon footprint.

**BUILDING A BETTER TOMORROW  
BY REDUCING SINGLE USE PLASTIC PACKAGING**

## WATER-BASED PAINT MARKER

[WWW.POSCA.COM](http://WWW.POSCA.COM)

POSCA PAINT MARKERS FEATURE QUICK DRYING, WATER-BASED PIGMENT INK. THEY ARE PERMANENT ON POROUS SURFACES, REMOVABLE ON GLASS

### INSTRUCTIONS

1. Shake the marker vigorously, with the cap securely attached.

2. On a sheet, press down the tip several times to start the paint flowing. Replace the cap tightly after use.

The ball inside the barrel mixes the paint, giving an even consistency. The cap provides a perfect seal ensuring protection and longevity of the tip. Store in horizontal position.
